

GMB / GMBT / GLB Swapping Gateway Tutorial

The GMBT Swapping Gateway offers a convenient and secure *crypto-to-crypto swapping gateway* to purchase GMBT tokens with BTC, ETH, or GMB, and swap GMBT back to GMB or GLB, the payment coin for GLMall services.

1. Buy GMBT Tokens:

GMBT can be purchased directly with BTC, ETH, or GMB tokens.

Please follow these steps:

Step 1: Visit the swapping gateway: <https://payment.gmall.shopping/>

Step 2: Once you click on the site URL, the swapping gateway opens so you can buy GMBT directly with BTC, ETH, or GMB tokens. Attached screenshot for reference.

The screenshot shows the 'GAMB Swapping Gateway' interface. At the top, the text 'Buy GMBT Tokens' is displayed in a large blue font, with a yellow button labeled 'SWAP GMBT TOKENS?' to its right. Below this, there are four input fields: 1) 'Enter GMBT Amount' with a coin icon; 2) 'Enter your email address' with an envelope icon; 3) A dropdown menu currently showing 'Bitcoin(BTC)' with a coin icon and a downward arrow; 4) 'Enter your GMBT wallet address' with a wallet icon. At the bottom of the form, there is a checkbox labeled 'I'm not a robot' and a reCAPTCHA logo with links for 'Privacy' and 'Terms'. A yellow 'CONTINUE' button is positioned below the reCAPTCHA section.

Step 3: Provide details on the form, the GMBT amount you want to buy, and your e-mail address.

There are three options to select as payment options BTC, ETH, and GMB

The price of the GMBT always equals the actual cost of the GMB, and one GMBT always equals one GMB.

2. SWAP GMBT Tokens

The swapping gateway offers a convenient and secure *crypto-to-crypto solution* for swapping back GMBT tokens to GMB (to further use or sell in the open crypto market) or GLB (the cryptocurrency for use to purchase GLMall services at a 20% discount). The price of GLB is always in Euros and the conversion rate equals the actual GMB / GMBT price in Euros.

Attention: GLB can only be used to pay for services on GLBrain / GLMall. There is no swapping back to GMBT!

Please follow these steps:

Step 1: Visit the swapping gateway: <https://payment.gmall.shopping/>

Step 2: Once you click on the site URL, the swapping gateway opens and displays a button called "Swap GMBT Tokens" next to the "Buy GMBT Tokens", so you can swap GMBT directly back to GMB, or forward to GLB.

Attached screenshot for reference.
